

Jonathan Kilpatrick

Jonathan Kilpatrick is the founder of Trulight LLC and seeks to leverage technology in order to meet strategic goals for our partners. Trulight specializes in Technology Strategy, Regulatory Compliance and Cyber Security. Jonathan was formerly the Chief Information Officer for the City of Tallahassee. He graduated from Troy University with Bachelor's in Mathematics and Computer Information Science in 1992 and a Master of Business Administration in 2004. He began his career as a software developer and progressed to a Division Information Officer in State Government after working in Database management, Network management and Server Administration. As the Director of Technology and Innovations for the City of Tallahassee, Jonathan was responsible for the technology requirements of the City and the Utilities including Software Development, Technology Infrastructure, Cyber Security, Geographical Information Systems, SCADA Engineering and Maintenance, and Technology Innovations. Working as the Chief Information Officer for the City of Tallahassee for four years beginning January 2016 has given him a unique perspective on Technology trends.

Jonathan is also a Major in the Florida Air National Guard serving as a Cyber Systems Officer and has recently completed an activation to serve as the Deputy Commander of the 101 ACOMS (Air Communications Squadron) at Tyndall Air Force Base. Jonathan hold a Top Secret SCI clearance and is responsible for the 101 Mission Defense Team's requirement of cyber security for the Falconer Weapon System. He is responsible for the data and communications needs of 601 Air Operations Center, 1st Air Force and Air Forces Northern (AFNORTH).
